Cloning – Posting Instructions

1. Preparation

- **Original:** Please clearly mark this as “**original**”.
- **Donor:** This clearly mark the replacement which will receive the cloned data as “**donor**”.

2. Package Securely

- Wrap each individually in anti-static bubble wrap.
- Place the wrapped in a sturdy box with padding (foam or bubble wrap). The same box will be used to post both back.

3. Label Your Package

Include a note inside the box with:

- Your **full name, your phone number, return address and order number**
- Any special instructions (optional)

Please post to:

Precision Auto Tuning, 165a Sunnyside Road, Chesham, Bucks, HP5 2AP, United Kingdom

4. Shipping Method

- Use a **tracked and insured service** (Royal Mail Special Delivery, UPS, DHL).
- Keep your tracking number — it is your proof of postage and allows us to track your ECU.

5. Processing

- We will verify compatibility upon receipt.
- Clone and transfer your data.
- Return via tracked shipping.

Estimated turnaround: 1 business days after receipt (depending on workload).
